

ABOUT

Launched in August of 2016, the Harvest Market is a grocery store on wheels, its mission is to increase access to healthy food choices with an emphasis on reaching those least served in a food desert. The Market does this by operating regularly scheduled stops in low-income, food-insecure communities; offering high quality, locally grown, sustainably produced farm products and shelf stable items. The Market **accepts food assistance benefits; credit and debit cards;** and provides educational resources on how to prepare the market's offerings.

Locations

Harvest Market regularly visits locations from 10:00A.M.—2:00P.M. in the following counties:

- Defiance
- Fulton
- Henry
- Williams

Additional sites in Wood, Sandusky and Ottawa Counties are being developed for the future.

Providing healthy food options for seniors, children and families in rural NW Ohio communities

Visit www.toledofoodbank.org for exact days and locations.

For further information contact **Linda Toney**, Harvest Market Coordinator at 419-242-5000 x 215 or ltoney@toledofoodbank.org.

The Harvest Market is made possible through the generous support of the following companies and individual donors.

A direct service of the Toledo Northwestern Ohio Food Bank
