

The Harvest Market was made possible through the generosity of the following

and Individual donors.

Mission: To enable other community organizations to end hunger. We strive to maximize community resources by effectively obtaining and distributing food through a food collection and distribution system.

the **Harvest Market**

Launched in August of 2016, the Harvest Market is a grocery store on wheels, its mission is to increase access to healthy food choices with an emphasis on reaching those least served in a food desert. The Market does this by operating regularly scheduled stops in low-income, food-insecure communities; offering high quality, locally grown, sustainably produced farm products and shelf stable items. The Market **accepts food assistance benefits; credit and debit cards;** and provides educational resources on how to prepare the market's offerings.

Harvest Market regularly visits locations in the following counties:

- Defiance
- Fulton
- Henry
- Williams

Additional sites in Wood, Sandusky and Ottawa Counties are being developed for the future.
